Re: Administrative Order Closure
Hart Ranch Hideout
Docket No. SDWA SDWA-8-2002-34
PWS ID #5601408

Dear Mr. McIlrath:

This letter is to inform you of the Environmental Protection Agency's (EPA) decision to close the Administrative Order, Docket Number SDWA-8-2002-34, issued to Hart Ranch Hideout (the name of which you recently changed to Sleeping Bear Ranch RV Resort) on September 17, 2002. Based on the information you have provided, that you are the new owner as of September 21, 2003, we will close the Order at this time.

As the owner/operator of a non-community, public water system supplied by a surface water supply, you are required to conduct monthly monitoring for total coliform, annual monitoring for nitrate, and monitoring for turbidity and chlorine residual per the surface water treatment rule. EPA staff and contractors are available to consult with you regarding your monitoring obligations and operation and maintenance questions you may have for your water treatment equipment and facilities. Please contact David Robbins, Team Lead, EPA Wyoming Public Water Supply Program at 1-800-227-8917 X6274 to access these services.
